THE DIRECTOR GENERAL

Ref: DGN 436/2025

Paris, 19 December 2025

Mr. Jamir Macedo
Director General
Agência de Defesa Agropecuária do Estado do Pará, ADEPARÁ
Federative Republic of Brazil

Subject: Appreciation for the Support and Collaboration of the Veterinary Services of Pará.

Dear Director General,
Dear Colleagues,

I would like to express my sincere appreciation to the Veterinary Services of the State of Pará for their excellent organisation and support during my technical visit conducted in the framework of COP30.

The visit provided a clear, practical demonstration of Brazil's veterinary governance, particularly in bovine traceability, surveillance systems, biosecurity measures, and emergency preparedness. Your work illustrates how effective Veterinary Services play a central role in protecting animal health, supporting trade, and contributing to food security.

I commend your teams for their professionalism, technical expertise, and commitment, which were evident throughout the visit. Your efforts contribute not only to national achievements but also to regional and global animal health objectives.

WOAH looks forward to continuing its close collaboration with the Veterinary Services of Pará and supporting your ongoing efforts.

Yours sincerely,

Dr Emmanuelle Soubeyran
